

The Encuentro Project

Seeking the Grace of Encounter

MISSION

The Encuentro Project, rooted in the tradition of Faith that does Justice, offers participants a faith-based, multi-faceted immersion program in the El Paso-Ciudad Juarez border region to experience a deeper understanding of the complex migration reality and of this community.

VISION

Encounter experiences transform the hearts and minds of participants and open new perspectives about forced migration and asylum seeking by vulnerable people. By providing education, service, activities, reflection, prayer and community, the Encuentro Project motivates participants to engage in peaceful, effective action for greater justice and compassion for migrants and refugee persons as presented in Catholic Social Teaching.

ORGANIZERS OF THE PROGRAM

The Encuentro Project is a collaborative and inter-congregational project involving The Jesuits and the Marist Brothers. Lay persons and the Hope Border Institute form part of the team.
